SECOND HAND MACHINERY- 571

SLITTER-REWIDER MODEL EASY SLIT /1300 – SCHIAVI make

1.	Year of manufacturing	1998
2.	Model	EASY SLIT
3.	Working width	1300 mm.
4.	Max. width of web guiding rollers	1350 mm.
5.	Rewinding system	Double shaft method
6.	Cutting system	<ul style="list-style-type: none"> • With razor blade • With ring knives
7.	Max. diameter of jumbo reel	800 mm.
8.	Max. diameter of finished reel	450 mm.
9.	Minimum cutting width	40 mm.
10.	Inside core diameter	<ul style="list-style-type: none"> • On unwinder : 76 mm. • On rewinder : 76 mm.
11.	Side register on unwinder	+/- 50 mm.
12.	Max. mechanical speed	300 m/min. (the actual working speed will depend on materials handled)
13.	Web guider	Polaris from FIFE
14.	Rewinding shafts with I.E.S. frictions	One direction friction with rings having double ring ball bushes
15.	Pull cylinder on tension system	d.c. driven
16.	Upper and lower rewinding shafts	d.c. driven
17.	Jumbo reel lifting system	
18.	Power supply	3phase – 400V.- 50 Hz.
19.	photocell sensor for reading side lay of the material	
20.	Compressed air line feed	7 Bar
21.	Power installed	15,5 kW
22.	Safety guards	Gates with photo-cell barriers
23.	Machine colour	RAL 7035
24.	Accessories	n. 1 Razor blade holding shaft
		n. 1 Counter razor blade shaft
		n. 1 Ring knife holder shaft
		n. 1 Counter ring knife holder shaft
		n. 12 Razor blade holders
		n. 12 Ring knife holders
		n. 1 Pneumatically expanding shaft in aluminium for inside core diameters 6" (152 mm.) unwinder
		n. 1 trim suction unit
